Dear Client

SARS is offering a new service to all clients in order to make the administration of monthly returns and payments easier to complete. This is called e-filing.

We have decided to register all our clients with this service and take heed of the advantages of this system, which include among other things that:

- Returns will not be misplaced by SARS as they are submitted electronically.
- Returns will not get lost in the post.
- Records of these returns are kept on database.
- In certain instances, more time is given to the client to pay these returns.

This system also allows for payments to be made electronically. Of course this is optional and as such we require your permission to submit your personal and or companies banking details to SARS.

The advantage of this payment method would be the lower use of cheques and therefore lower bank charges.

Should you wish to take advantage of this payment method please indicate your approval on this mandate, which will give us permission to release your banking details to SARS.

As setting up this system might take some time, we may request cheques for the foreseeable future.

Should you not wish to take advantage of this payment method, we will continue taking cheques as we used to do in the past.

Kindly indicate your choice below:

- A. I wish to take advantage of the payment method offered by SARS electronically and I give my account details below.
- B. I do not wish to take advantage of the SARS electronic payment method.
